29th March 2018

Dear Families

School closes today for the spring break after another short but exciting term.

Sports Relief

Thanks to all of you who helped to raise an amazing **£2,529+** for Sports Relief. This is a magnificent sum – well done! Do look on the Sports Relief website to see all the good causes your fund-raising will support.

Science Week

We all had a really fantastic Science Week here in school with lots of exciting activities taking place. The focus was on investigations, demonstrations and workshops. We had research scientists from Kings College working with the children to demonstrate a range of scientific techniques; Joanna held a dissection class where children were able to handle (safely!) internal organs, plus lots more – do look on our website to see what amazing activities the children took part in.

Poetry Week

The children were really inspired by Adisa, the poet who led workshops throughout the school. There were some wonderful poems written by many of the children and they loved carrying around their little notebooks – lots of budding poets and authors!

Coffee Morning for Parents of Children with Autism

As part of Autism Awareness Week we held a coffee morning for parents of children with autism. Thanks to everyone who attended – feedback was all very positive.

Nursery places from September

If you have a child eligible to start nursery in September please make sure you have completed a nursery application form, available from the school office. Children with brothers and sisters already at the school do NOT automatically get a place so do complete the relevant form.

We look forward to seeing the children back at school on **Tuesday, 17th April 2018.**

Here's hoping for a warm and sunny break!

Best wishes

Karen Fowler
Headteacher
