

School Nursing Service – contacts during COVID-19 outbreak

Due to current circumstances the School Nursing service will be reducing their service across schools and prioritising work. During this time we want to remind parents of the ways the School Nursing service can be contacted and used as a support in which maybe a prolonged and difficult time for families and young people.

For information/advice regarding COVID-19 please refer to the **gov.uk** guidance and your local procedures - we cannot offer advice beyond this guidance.
